

An aerial photograph of a white wind turbine in a field. The turbine is positioned on the left side of the frame, with its three blades extending outwards. The field is divided into sections of different colors, including brown, tan, and grey, suggesting different types of crops or soil. A long, dark shadow of the turbine is cast across the field towards the bottom right. A thick orange horizontal bar spans the width of the image, partially obscuring the turbine's blades and the field.

SUSTAINABLE DEVELOPMENT IN UKRAINE

Our mission is achieving the UN Sustainable Development Goals on the local level by sharing knowledge, efficient tools and practical solutions.

MISSION

GoLOCAL – is an NGO that promotes innovations, respect for environment and efficient use of resources.

We are aimed at establishing the community of conscious active people united by the idea of responsible consumption and production.

VISION

STRATEGIC GOAL

1

Integration of society, government and business through the implementation of regional, municipal and ecosystem development projects.

2

Creating a conscious community of active citizens united by the idea of responsible consumption and production, sustainable development of cities and communities and reduction of the negative impact on the environment.

ACTIVITIES

UN SUSTAINABLE DEVELOPMENT GOALS

SDG 11 — Make cities and human settlements sustainable

SDG 12 — Ensure sustainable consumption and production patterns

SDG 13 — Combat climate change and its impacts

GRANTS FOR BUSINESS

providing Ukrainian enterprises and startups with consultations to attract grant funding for actual and future projects.

UN SUSTAINABLE DEVELOPMENT GOALS

SDG 11 — Make cities and human settlements sustainable

SDG 12 — Ensure sustainable consumption and production patterns

SDG 13 — Combat climate change and its impacts
